

Move & Solve

Play with ActionTrack app

Join the game by typing or scanning a code

"Move & Solve" is an easy-to-play and fun game for a meeting energizer. It takes you away from the business agenda and energizes your body and mind with short walks and entertaining brain teasers. Plus it's a great competition!

How to play the game

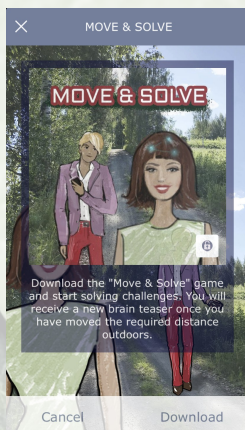

1. You may join the game with the free ActionTrack app by simply typing or scanning a code.
2. You can play the game sporadically during the breaks (you may exit and return to the game as you wish), or you can play it in one go.
3. You may play solo or as a team. If you play as a team, you need only one device per team.
4. You will receive a new brain teaser once you have walked 100 meters outdoors.
5. Each 100 meters gives you 100 points, and every brain teaser gives additional points.
6. Each brain teaser is a slowly revealed image which you need to recognize with a hint.
7. When you know the answer, type it and tap on the "Submit" button.
8. The brain teasers have a time limit, and they give you more points for quick answers.
9. The game includes 20 brain teasers, and takes about one hour to complete.
10. The highest scoring player or team wins. Have fun!!!

Warning

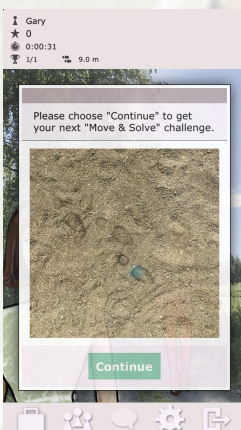

When you walk around, be aware of other people, vehicles, animals and buildings. Have fun, but do not hurt yourself or others, or damage any property.

How to use the app

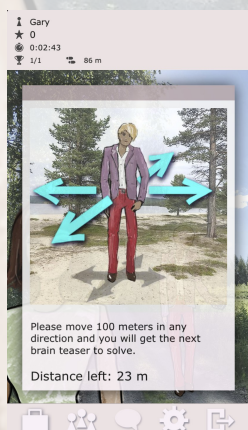

Download and join the game with any username you like

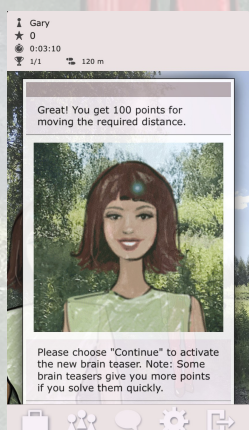

When ready, accept the next challenge in the game

Walk anywhere outdoors 100 meters in any direction

Next, activate a brain teaser to score additional points

The faster you solve it, the more points you get
